# Florida District Educators February 2022

## Rider Classes & Brake Fluid

2022 is here! Eight members took our first TRC (Trike Riding Course) Class for 2022 in Eustis, Florida on January 17. We have an ARC (Advanced Rider Course for 2 wheels) scheduled for February 7 in Melbourne, Florida. his class is already FULL. We have a TRC scheduled for February 8 in Melbourne, Florida which is also FULL. We have another TRC scheduled for February 9 in Melbourne, Florida which has openings. Contact me via email if you are interested in joining that class. It is great to see so many members participating in these rider courses. Keep up the great work. Don't forget, Co-Riders can attend these courses for credit if they ride on the back during the class.

To our knowledge, our state is the only one that offers MFA (Medic First Aid) and Rider Courses at no expense to you because we fund it through Raffle Ticket sales. Please keep up the good work selling tickets and don't forget to start sending us the money for the tickets you have already sold. We would like the majority of money to be received before the end of February.

Florida District Riding and MFA Classes are available upon request to maintain you Levels status. For ARC and TRC Classes contact Dominick at [Dominickflde@gmail.com](mailto:Dominickflde@gmail.com). For MFA Classes contact Claudia at [rvega19854@gmail.com](mailto:rvega19854@gmail.com).

One of the purposes of these newsletter articles is to share information that will make your riding experiences more informative and safer. If I find articles by other authors that fill that bill, I am eager to share them with you. Such is the case with an article written by one of our Florida Chapter Members, Jerry Wells, of FL1-H. The article is on "Brake Fluid" (see below). I think you will find it informative and interesting.

### **BRAKE FLUID ARTICLE** by Jerry Wells, ACD MEC ITCP

I was checking my motorcycle over and noticed the DOT 4 on the cover of my brake reservoir. I wondered what that means and why DOT 4 as opposed to DOT 3. What would happen if I inadvertently added DOT 3? With the invention of the internet came Google. Just ask and it will tell you anything. The first thing I discovered is that DOT stands for Department of Transportation. They regulate the highways and what happens on them; especially safety, The 3 and 4 are specifications for the brake fluid. There are also 2, 5, 5.1, 6, and 7. Unless you have special needs such as race cars or operate in extremely high temperatures you won't need anything but 3 or 4. They are both poly glycol based. DOT 3 also has ether in it and is the one most used especially in automobiles. It has a higher water absorption rate and should not be used instead of 4. It is classed for use in non-aggressive breaking applications. The reason is it has a lower boiling point than 4. With aggressive breaking the brakes heat up, the fluid boils you now have vapor in your lines and you lower pressure at your brake pads. Not a situation you want to be in. Part of the specification is the wet and dry boiling points. Dry, means new brake fluid never exposed to air and has 0% water in it. Wet means exposed to air and up to 3.7% water. The dry boiling point for 3 is 410 deg. F for 4 it is 446 deg. F. The wet boiling point for 3 is 284 deg. F and 4 is 311 deg. F. DOT 4 instead of either contains borate and glycol. This makes it harder to absorb water which as we just pointed out, lowers the boiling point, so it is better for aggressive breaking. Liquids are hard to compress, air isn't. We want only liquids in our brake lines and cylinders. Compare it to water. Water boils at 212 deg. F. At this temperature it turns to vapor (steam). As it cools it turns back into liquid. The brake fluid does the same. When it boils, we get vapor in the lines and the brakes feel soft. The vapor compresses and we no longer get full pressure to the pads. Our stopping ability is greatly compromised. One day coming off of the Blue Ridge Parkway I was on a steep winding road. I used the front brake until it overheated. Suddenly I had no front brake. I downshifted and used the rear brake sparingly until I came to a church with a big parking lot. I circled the lot until I slowed enough to stop. I parked in the shade until the brakes cooled down and the fluid became liquid again then continued. If your system specifies DOT 3 you can add DOT 4 but never the other way. It would lower the boiling point and your brakes may fail. It is also recommended that you change your brake fluid every year and never let it go over 2 years. I am willing to bet most of you have never changed brake fluid. They also recommend that you use a new sealed can when you add fluid. This guaranties you are using dry fluid and not compromising it.

We are here to assist you with your training needs.

## Chapter Director's Message

Jayne VanTol

Hang on to your hats everyone... here I come ready or not.... LOL! This is my first and hopefully not my last (LOL) message to the FL1-F2 members! I decided to volunteer for the role of Chapter Director because I believe in this chapter!! This chapter is one of the most active in the state. We have lots of fun, rides and we are supportive to all our members. I am VERY thankful that many staff members have agreed to continue in their roles and to help me with this transition!! I know I'll be relying on their expertise as I have VERY BIG shoes to fill! Speaking of big shoes.... Ralph has done a tremendous job as our Chapter Director. His dedication to this chapter has been truly exceptional! I'm sure everyone appreciates the job he has done over the last 4 years! I hope I can meet the challenge as well as Ralph.

March 17 -19 is our Florida District Rally in Altamonte Springs. If you have the chance to attend you won't be disappointed. There's lots of vendors, games and fun. There are educational sessions as well. It's a great time to reconnect with old friends and make some new friends too! We have had a large chapter showing in the past and have even won a few prizes. WE will need to collect all remaining orange raffle tickets and monies before the rally. You can turn these into Dawn, our treasurer.

In March, we will have the Hobo Stew get together at Paul and Jane's place on Saturday the 26. There's always plenty of good food, fun and lots of laughs! Please join us! Please check our chapter ride calendar for all that's happening in our chapter and you always find things on the website. Hope to see you on our rides... please remember all rides are 2,3 or 4 wheels. And as always ride safe and stay healthy!

## Papa Joe's Lunch Ride Submitted by Dorothy Serio January 16, 2022

What was supposed to be a lovely bike ride down to Papa Joe's Italian Restaurant in Booksville, FL, turned into a car ride. The weather did not cooperate the morning of our planned event. Nevertheless, 17 of us were in attendance. Meeting us at the Shell gas station was Dan Lindsey, Barb Funk, Andy Katz, Bruce Dix and his friend Sue, Steve & Sophia Rabau and Mom Lydia and Bob Campshure. The

only die hard rider in our group was Bob who rode his bike. Meeting us at the restaurant was Frank & Linda Hojnacki, Ron & Chris Johns, also Mike & Mary Schroeder.

The ride down to the restaurant took about an hour and 15 minutes. Jim and I had ridden the same route 3 days prior without any hiccups but that was not to be the case today. Some of the roads were covered with debris from the heavy winds we had the previous night causing it to be quite eventful. Bob did a great job maneuvering through the downed branches, seed pods and moss, not to mention all the leaves that had blown down the night before. Everyone seemed to enjoy their meals. There was quite a variety of different entrees that was chosen by all. We all enjoyed the laughs and the camaraderie.

Most of us decided to take the quickest way back home which was I-75 due to the Football Game that was starting shortly. What a great way to spend a Sunday... Great food, great friends.....and football!!!

## Oakwood Smokehouse & Grill Lunch Ride Submitted by Ron Johns January 30, 2022

Our group met at Oakwood on January 30. Eleven chapter members braved the frigid weather to enjoy one of our favorite spots for lunch. Actually, only two members braved the cold—Michael and Andy rode their Goldwings. The rest of us wimped out and arrived on four wheels, staying nice and warm. I saw a Facebook post that morning that showed that it was 24 degrees in Anchorage and 22 degrees in Ocala. So much for moving south to get out of the cold. But, it was a pretty day with cloudless blue skies.

We had 11 for lunch: Alan and Jane Van Tol; Mike and Sue Sadlon; Marion Duncan; Frank and Linda Jonacki; Mike Schroeder; Andy Katz; Ron & Chris Johns. Most of the group took advantage of their full rack of ribs special and were not disappointed, as usual. Christopher, our waiter, did a good job of managing the large group and as a result, our orders were placed and delivered in a timely manner.

By the time we finished and were leaving, the restaurant was full with people waiting for tables. Thanks to the organizers for getting us there at opening time. The chilly ride home was uneventful for us wimpy people. It had even warmed up quite a bit for Mike and Andy. I hope to see you on one of the many future rides planned.

***Ride to Gator Joe's  
January 12, 2022  
Submitted by Jayne Van Tol***

The ride to Gator Joe's started from Race Trac on 484 in Belleview Wednesday morning at 10:30. There was just three of us that met and took the ride to Gator Joe's. Besides myself there was also Dave Candage and Jim Sexton. Jim was my sweep on this ride, a job he does well....thanks Jim!

It was cool when we met that morning but by the time we arrived at our destination the sun was shining! We ate outside and enjoyed the view. Dave had to fight off the birds as they seemed to want to eat the fried pickles as much as Dave! He was quite successful and only lost a couple...LOL! It was starting to remind me of the movie The Birds when they started swooping! LOL!! We had a nice lunch and at the end we all went our separate ways!

Until we meet again...ride safe and join us for more rides!

***Lunch Ride to Red's  
January 26, 2022  
Submitted by Barb Funk***

Well, I guess you just can't replace a good thing with another good thing.

What started out to be a lunch ride to Red's ended up being a breakfast ride because that's what everyone ordered. You just can't beat a good thing.

The weather was not cooperative. Cold and drizzly, but our BRAVE ride leaders Steve and Sophie showed up on their Gold Wing.

It was not a huge Member showing. The weather having a lot to do with it, because Red's is always a popular ride .The other wimps that joined Steve and Sophie, in their 4 wheels, were Dan Lindsey, Barb Funk and Denis & Sue Lomax.

The food was awesome, as always, service good, and the company great!

# Hot Diggity Dog

## Submitted by Rose Cobb

Yesterday, when it was tomorrow, it was too exciting a day for me. That's exactly how we felt in the days leading up to our Hot Dog Roast at Jane & Paul's in Old Town, as we've really missed you all. So, when Saturday came... it was my favorite because any day spent with you is my favorite day. So, today is my new favorite day.

It may have been a chilly, misty day in the morning, but as the winds picked up it turned quite cold, but that didn't keep 31 people from enjoying each other, the outside fire, and the toasty shanty...oh and did I mention food! What could be more important than a little something to eat? Well, there was more than a "little something" in Janieville, (the other name for Jane & Paul's).

How come when we get together the food seems to multiply? Naturally, the variety of desserts was a treat and some had some unusual names...."Better than Sex cake". It was tasty and the comments...well, I'll let you judge the accuracy of that name "wink,wink". If you like side dishes.... the broccoli salad, pasta salad, mushrooms etc... Mmmm Mmmm Good! Anyhow, if you left hungry... Oh, bother, it's your own fault, because we have folks with some pretty exciting talent. It isn't much good having anything exciting, if you can't share it with somebody.

When you see someone putting on his Big Boots, you can be pretty sure that an Adventure is going to happen. Well, Ralph wins the prize for not only leading the group, but he was the singular motorcycle rider for the day. He has been a great leader and although this article is about the Hot Dog Roast..... Ralph put on his Big Boots 4 years ago...oh the adventures we've had! I'm sure the chapter joins me in saying Thank YOU! It felt good shedding the misty chill in the shanty, huh Ralph!

Sometimes the smallest things take up the most room in your heart like the one-on-one or small group conversations with others. Sharing what's happened recently, recipes, adventures and even struggles. (What's shared at the campfire....stays at the campfire!) If you left early..... well, we have some characters in our chapter. Some interesting revelations were made in our version of True Confessions.

We sure enjoyed catching up with you again! Oh and the hugs, a hug is always the right size. Wish we could have stuck around to enjoy more of the fireside chats into the evening. How lucky am I to have something that makes saying goodbye so hard.

So... I put a twist into this article. You may have picked up on familiar phrases. There are several lines by Winnie the Pooh or one of his friends. Can you find them all? Here's one to start with...

After all, one can't complain. I have my friends.

Here's who came:

Jane & Paul Davis	Alan & Jayne Van Tol
Dan Lindsay & Barb Funk	Andy Katz
Bunny O'Neal	Jody & Dawn Brosdahl
Ralph Lambert	Jim Sexton & Carol Hill
Brenda Swenson	Jim & Dorothy Serio
Fred Spoering	Rick & Amy Jenkins ( & Punky)

# **SAMMYS**

## **Submitted by Barb Funk**

With the Christmas party over, which was awesome, replacing the Chapter Gathering, a dinner ride to Sammy's filled the gap..

A good turnout of Chapter members attended, although with a so many out of town for the holiday we we're a little shy of our usual 25.

Sammy's was packed as expected, but an early reservation, and I mean 3 weeks early, guaranteed us all a seat in our usual spot.

Service was just a little slow, but considering how many people were in the restaurant, it was expected. I don't think there was an empty chair to be found. But, it didn't seem like any of us were in a big rush, enjoying the company and conversation. Drinks, hot bread, and salads kept us busy while the main dishes were being prepared. A variety of food hit the table in no time at all. There was a lot of pizza, pasta and more salads, and only one complaint; the shrimp were a little over cooked in the Scampi dish ordered. Not bad for 15 meals.

Service at Sammy's is always special. The whole staff takes really good care of us, treating us like family, and the food is always hot, good, and plentiful.

The dinner was attended by, Andy Katz, Bruce Dix, Marion Duncan, Jim and Dorothy Serio, Barb Funk, Dan Lindsey, Neal and Kathy Rehse, Denis and Sue Lomax, Jodi and Dawn Brosdahl and Mike and Sue Sadlon. It seems a good time was had by all and Sammy's will be on the calendar again, so join us next time.

This article was missed in the January and February issues.

Hello! My name is Susan Hurst. I'm the Public Relations Officer for Leather & Lace MC. We have two events during Bike Week that I'd like to invite your chapter to! On Sunday, March 6, is our annual Bike Blessing and FREE Pancake Breakfast. Gates open at 9:00. Breakfast is served until 10:30. Then at 11:00, our Bike Blessing starts.

On Thursday, March 10, is our very popular Bike Rodeo and Bike Show. This is a huge crowd favorite during Bike Week. There are bike games you can participate in, enter your bike in our Chicago-Style bike show, and so much more! There is a \$10 gate fee per person. Gates open at noon.

All of us in Leather & Lace MC look forward to meeting you and your chapter members at our two events!

Articles for the newsletter: [cathyobrewer@gmail.com](mailto:cathyobrewer@gmail.com). Best way is a Word document, Arial font, if you know how. Not necessary, just easier to drop in the newsletter format. If you don't have Word, you can type it in the body of the email and I can cut and paste it into the newsletter.

Also, let me know if pictures will be coming from Mike. It's okay for you to add them to your email and I will put them in.

## Covid/Health Updates

We did have someone who attended the Christmas party come down with Covid. Please keep them in our prayers. They are doing better. Be safe. If you know of anyone who is ill or needs our prayers, please let us know. That nasty cold is also going around. Be careful.

Oakwood, January 30, 2022

Please keep Mary & Ralph Wilcox in your prayers. Ralph had surgery January 29. They've worked real hard to get him healthy enough to go through this procedure.

Our "miracle man" just keeps fighting with the incentive to get back on his bike. Your prayers are sure helping Ralph and Mary to deal with all that they have in the past year. Keep them coming.

He ate his first meal, Thursday, February 3, and has been discharged and at home. Keep your prayers coming, he has a long road ahead of him. This is the latest information we had at the time of the printing of the newsletter.

Rick Jenkins is our Chapter Historian. Please gather any/all digital ride photos that you may personally have from March 2021/2022, along with the month the ride was and where the destination was and upload and send the photos/information to Rick or Amy Jenkins at [Steelhorse143@gmail.com](mailto:Steelhorse143@gmail.com).

**NEED HELP WITH YOUR  
GOLDWING?**

There is a help section for your questions already on the web page. Some of us would like assistance on where the best place is to get tires, specialty paint jobs, etc. Let's help each other out.

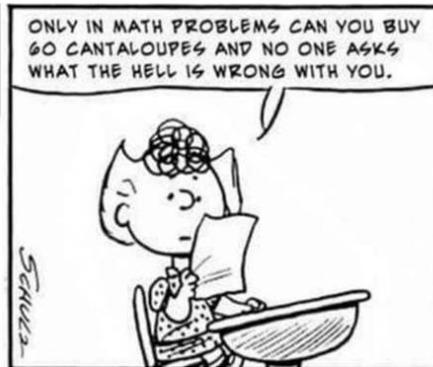

Submit your questions to the Feedback section on the webpage and someone will get back to you with help and answers. [www.fl1-f2.org](http://www.fl1-f2.org)

Asking everyone to check the Feedback section often so our members aren't left hanging out there without your input.

Also, an excellent place to look for answers is [www.goldwing.com](http://www.goldwing.com).

"Some of the biggest cases of mistaken identity are among intellectuals who have trouble remembering that they are not God."

Felt uncomfortable driving into the cemetery. The gps blurted out you have reached your final destination.

I still think I got it right and the teacher's wrong.

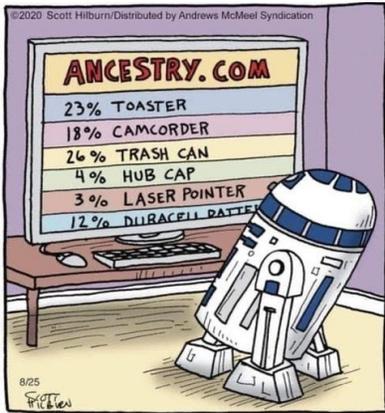

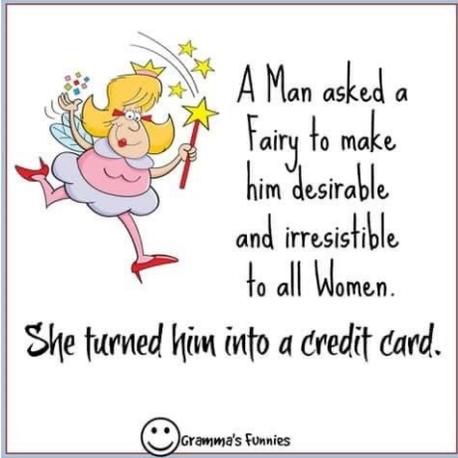

With masks coming off, it's time to shave those beards and mustaches. This goes for the men too.

"If you're *not* called crazy when you start something new, then you're not thinking big enough!"

It's a good day. The bulb finally burned out on my check engine light.
